

Portable Platform PAL100

The G-RAFF Portable Platform (PAL100), is designed to provide safe access and fall protection on the tops of tank and bulk trucks.

The unit provides portable access with a safety enclosure designed for applications that do not allow the ability to use permanent truck loading platforms or when space is limited.

Features

G-RAFF Portable Platforms have many unique features:

- Adjustable height from 9' to 13'
- Work platform 2' x 4' long with grip strut surface
- Rubber bumpers to prevent damage and direct contact with the vehicle
- Ergonomically designed manual cable operation
- Outriggers are adjustable and designed to be used at all heights
- Optional tow bar available
- **1-year Manufacturer's warranty.**

Materials of Construction

Rugged construction includes:

- Welded steel with aluminum safety enclosure
- 2, 8" swivel casters with brakes
- 2, 8" fixed direction casters
