

Removable Insta-Rack Platform

G-RAFF's Removable Insta-Rack Platform was created for specific site situations that won't allow for a permanent pedestal installation.

With no foundation required, the Removable Insta-Rack is a popular solution with both flexible and easy installation.

Features

G-RAFF's Removable Insta-Rack Platform has many unique features:

- Custom designed to meet your application!
- **No foundation required**
- **Flexible, easy installation**
- Four-post design
- Various integration options with loading arms and pumping stations
- See also: Insta-Rack Pedestal Platforms
